

COUNTY ASSEMBLY OF NAKURU

THE HANSARD

Thursday 3rd December, 2015

Assembly Building

The House met at 2.45pm

[The Speaker (Hon. Susan Kihika) in the Chair]

PRAYERS

COMMUNICATION FROM THE CHAIR

END OF 2015 SESSION

-SURRENDER OF IMPRESTS, LOGBOOKS, RECEIPTS AND OTHER AUDIT DOCUMENTS

The Speaker (Hon. Susan Kihika): Honourable Members, I wish to take this opportunity to congratulate you for the commitment in discharging your constitutional duties in the House. We have officially come to an end of our 2015 calendar year. This therefore means that the House will take an average of two months recess from rigorous Chamber duties.

Indeed we have had an exciting journey in the course of our interaction in the legislative realm and other undertakings accorded to us by the law. Am humbled by the level of maturity and commitment exhibited by members in the course of discharging their duties.

Honourable Members, as we mark the end of our Assembly Sittings for the calendar year 2015, I want to believe that the recess will not only act as a repose but as well-deserved break to connect to the people whom you represent their interest before this honorable House. Similarly it will present an opportunity to identify the needs of your people and their concerns at grassroots level, with a view of presenting them before the House for deliberation and ultimately finding a solution to them.

Honourable Members, through your zeal in undertaking your duties, allow me to comment on the achievements we have managed to share together in terms of legislations and other oversight tools.

Save for the procedural Bills, we have managed to pass a total of 20 Bills since the inception of the County Government. Several Motions, regulations and Statements have also been considered in the House and dealt with conclusively. This has been made possible through cooperation and outstanding understanding of our rules and procedures. I once again congratulate you for the good work.

Honourable Members, I however wish to challenge you to take initiatives both collectively and individually to interrogate and internalise every piece of legislation that passes through your

Disclaimer: *The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.*

Committees and before the House. It will make more sense when you understand the laws passed by the House. In the same breath, I urge you to continue interacting with your Standing Orders and get accustomed to rules and procedures of the House.

As I have always pledged, and despite numerous financial challenges, my office will continue with capacity building programs for Members to enhance their ability to professionally transact legislative business in the House.

Honourable Members, as people's representatives, we have a responsibility to be sensitive to their needs. Your roles are well cut out in the Constitution and other relevant statutes, let us remain alive to the responsibilities bestowed upon us.

Allow me to underscore the importance of Committees and comment on their performance. I hold to the view that these are importance tools in a vibrant and functioning legislature. To this end, I pose a challenge to all House Committees to understand their roles and execute them properly. The level of vibrancy of a legislative assembly is heavily dependent on how Committee conducts its work. In essence a Committee is established to pursue matters more closely before presenting it to the House for final deliberation and decision.

I therefore implore upon respective Committee Chairpersons and members to take advantage of the mandate assigned to them and assist the House raise Business in the next session.

The County Assembly of Nakuru is anchored on strong foundation of inclusivity, competence, equity and non- discrimination as espoused in our 2013- 2018 strategic plan. These value forms the platform upon which honorable members are expected to interact.

I expect members to live up to the spirit of this noble document. As colleagues let us be accommodative to divergent opinions and demonstrate utmost respect to each other. In so doing we shall achieve a harmonious working relationship which is so dear to the Assembly.

Honourable Members, having been together for three years now, I am convinced that County Assembly of Nakuru has come of age, we shall continue to find solutions to every teething matter before us without necessary degenerating to violation of House procedures and Rules.

As I conclude, let me remind members that we expect a lot from you in the coming sessions. Kindly make a point of finishing the pending issues before your respective Committees immediately we resume from recess and let us hit the ground running.

I take this opportunity to wish you and your families a very happy festive season, merry Christmas and a Happy New Year. God bless you.

The Speaker (Hon. Susan Kihika): Alright, now to a few more additional Communications from the Chair. I wish to remind all Members who have not surrendered their imprests in terms of bus tickets, air tickets and receipts among other travel documents to urgently do so. Please note that

***Disclaimer:** The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.*

these documents are part of the audit tools which will be used to surcharge Members in case of non-compliance.

I wish to bring before your attention that several Communications have been made from the Chair regarding surrendering of Members motor vehicle logbooks. I want to once again refer to the earlier communications and reiterate that failure to comply with this directive is a violation of Chapter Six of the Constitution, Leadership and Integrity Act, 2015, Public Officers Ethics Act and by extension a show of lack of respect to this House and your position as a state officer. Be informed that this is a serious misconduct by a state officer and an affront to the above provisions of the law.

To underscore the gravity of the matter that I have continuously communicated about, I hereby direct those who have not surrendered their logbooks to do so by **Tuesday 8th December 2015**. On the expiry of this final extension, I will have no choice but to hand over the list to the relevant body

It is further clarified that the Board is not accepting logbooks for commercial vehicles and tractors.

This directive also applies to those who have not signed motor vehicle transfer forms, and have not surrendered copies of their IDs and PINs.

UNSURRENDERED LOGBOOKS

Catherine Njeri Waweru, Daniel Kamau Githengi, Edward Gitau Kamau, Francis Njoroge Njogu, Gillian Jepkemoi Rotich, Irene C. Cheruiyot, Jane Simita Munka, Janet Wamaitha Mucheru, John Gathirwa Chege, Joseph Miangare, Joseph Ngugi Muigai, Joseph Ngware Ng'ang'a, Joshua Wilson Muriithi, Jostine Wanjiru Kihumba, Lucy Nyambura Kihumba, Margaret Wanjiku Kiiru, Michael Macharia, Moses Gichangi Njiiri, Peter Mureu Macharia, Peter Njoroge Muchiri, Peter Wanjala Palang'a, Rosemary Okemwa Kamau, Samuel Kamau, Samuel Tirop, Symon Kiprop Molock, Trebina Gakii, Vitalis Otieno Okelo.

So for those names we shall be expecting you to surrender those logbooks by the 8th of December 2015, beyond that, you carry your own cross. Thank you.

PAPER

REPORT ON ALLEGED GRABBING OF LAND NEXT TO KIOTO DUMPSITE

Hon. Jonathan Warothe: Thank you Madam Speaker, this Report is as a result of a Statement that was sought on Thursday 27th August, 2015 by honourable Njoroge from London ward concerning the alleged grabbing of land next to Kioto dump site. In his Statement, the Member sought to know the real ownership of the piece of land.

***Disclaimer:** The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.*

Madam Speaker, I want to recognise that we have with us in the Gallery members of the public from London ward who have to hear the verdict of the Committee.

Madam Speaker, the Committee wrote to the CEC for Lands, Housing and Physical Planning so as to ascertain the real owner of the said parcel of land. Further the Committee conducted a site visit and carried out its own investigations.

The response from the CEC Lands noted that they had verified records in their custody and ascertained that the mentioned land parcel no. Nakuru Municipality Block 21/24 and 25 initially belonged to The Kenya Railways Cooperation and later sold it to...

Hon. Samuel Kamau: (On a point of order). Mheshimiwa Paul hanatai.

(Honourable Paul withdrew from the House)

The Speaker (Hon. Susan Kihika): Proceed

Hon. Jonathan Warothe: Okay Members, it was sold to Beyond Housing Corporation Society Limited through an open public tender process in the year 2007.

Madam Speaker, the Committee found the response unsatisfactory and conducted its own independent investigations.

The three parcels of land were initially plots No. 452/2/25 and 26 which belonged to East African Railways and they used them as quarry plots for extraction of ballast.

Currently, there are two former employees of the East African Railways who had bought two structures within the said land. One was an Explosive store and another one was just an ordinary store and they used to pay a yearly rent of Kshs. 200.

In 1964, the plots were later relinquished to the Commissioner of Lands by East African Railways after it decided that it could not use the quarry in the near future.

Madam Speaker, it is important to note that in September 1968, the East African Railways offered to sell the Stores to its retiring employees namely, Muiruri Njagi and Karingu Gachuru who accepted and settled immediately on the stores after paying Kshs. 2,000 as purchase price.

Correspondences indicate that the two employees sought ownership of the part of the land where the two explosive stores lie. They therefore requested to purchase the parcel of land but East African Railways responded and indicated that the land belonged to the commissioner of lands. (Letter Ref: CQ.1/1 VOL 1 dated 9th May, 1968).

However, they were awarded Temporary Occupation License (TOL) for the parcel of land.

Disclaimer: *The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.*

Madam Speaker, there are various correspondences and payment made to Kenya Railways by the occupants of the property.

Sometimes in 1998, Kenya Railways purported to acquire the same land from the commission of Lands without notifying the commission that they had in 1968 sold the Explosive stores to their former employees who had not processed their title deeds.

Later in 2013 they sold the properties to the current holders of the lease being BEYOND HOUSING CO-OPERATIVE SOCIETY LIMITED through an open tender. All this time the occupants who are dependents of the initial purchases never raised any objection for reasons that they never got to know of the developments of registration of lease certificates to Kenya Railways. The Committee therefore noted that East African Railways sold the parcel of land to Beyond Housing Cooperative Limited unprocedurally since the land belonged to the Commissioner of Lands.

Madam Speaker, the land in question was public land as per Article 62(1) (b) which states that “public land is land which at the effective date was held, used or occupied by any state organ except any such land that is occupied by state organ as lease under a private lease”.

Madam Speaker, note that the occupants have been on the disputed land before 1968 to date. They are bona-fide purchasers of the land from East African Railways and there is no evidence of refund of the purchase price.

Kenya Railways having been formerly leased the land by the Commissioner of Lands were therefore unprocedurally allocated the lease as it is expected that the Municipal Council had through the office of Physical Planning satisfied themselves that the land was indeed available for allocation.

Madam Speaker, it’s therefore important to note that the owner of the parcel of land is the Commissioner of Lands.

RECOMMENDATION

Madam Speaker, the Committee therefore recommends that:

- i. The National Lands Commission and the County Executive to expedite the process of revoking the illegal Lease owned by Beyond Housing Cooperation Limited and revert back the parcel to the public so that the residents of London Ward can use it as a public utility.
- ii. The National Lands Commission and the County Government to place a caveat and cancel any development plans on the parcel of land until the National Lands Commission revokes the Lease possessed by Beyond Housing Co-operative Limited.
- iii. The two elderly Women who have resided on the parcel of land for over 50 years, and who have been the custodians of the parcel of land be considered by the County

Disclaimer: *The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.*

Government for allocation of part of the parcel of land since they possess ownership documents.

That is the Report of the Committee and I beg the entire House supports to ensure justice to our people, thank you very much I beg to table the Report.

(The Report was laid on the Table)

The Speaker (Hon. Susan Kihika): Thank you very much, next order.

PAPER

REVENUE COLLECTION REPORT FOR THE FIRST QUARTER OF FY 2015/2016

Hon. John Gicamu: I am here to table the Report on revenue collection of Nakuru County and this is the first quarter of the financial year 2015/2016 which covers the period of July 2015 to September 2015. If you look at the report that the revenue collected during the same period of time in the last financial year was Kshs. 260,099 110.45, also including the FIF (The Facility Improvement Funds) which was Kshs. 115 256.768.00 and the total amount that was collected at the same quarter last year 2014/2015 was Kshs.375, 355,878.45.

This financial year, this 1ST quarter the county was able to collect Kshs.337, 444,521.00, also including the FIF (The Facility Improvement Funds) Kshs.98, 725,904.00 which are always collected by our health centers the total of this quarter was Kshs 436,170,425.000 which is an increase of Kshs 60,814,000.00.

I beg to table this Report on quarterly report of the financial year 2015/2016, thank you.

STATAMENT

CATTLE THEFT IN KAPKURES

Hon. David Malel: Thank you Madam Speaker, allow me to request on behalf of honorable Langat this Statement request.

I rise to request for a Statement pursuant to Standing Order 47(2) (c) from the Chairperson of the Committee on Security and Governance concerning frequent dairy cattle theft in Kapkures and Ngata areas. Cattle theft in Kapkures started in early 1990s and it has become more rampant in recent years; the vise started recently in Ngata as thieves target high breed dairy cattle like Frisians and Ashier castles which retail for over eighty thousand shillings and above.

The vise is causing sleepless nights to the residents in this areas and interfering with their source of livelihood, such an incident took place last weekend where Frisian cattle was stolen from Ngata and it was traced to Kaptembwa. It is believed that the gateways for the stolen cattle from Kiamunyi and the above mentioned areas is Menengai crater where cattle are driven at midnight to Bahati and loaded into waiting lorries and transported elsewhere for sale.

From this basis, I seek a response on the following-

1. The measures the County government is taking to curb cattle theft menace

Disclaimer: *The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.*

2. Data of the stolen cattle in the prone areas in Nakuru County outlining how many have been recovered and how many are still missing
3. How the County government can compensate farmers who have lost their dairy cattle which is their source of livelihood.

Honorable Speaker, my recommendation is an equipped County Anti Stock Theft Unit be created to deal with the menace and trace the stolen cattle as soon as it happens. On behalf of honorable Langat I beg to request for this statement, thank you.

The Speaker (Hon.Susan Kihika):Thank you very much honorable Malel and I am directing that the relevant Committee to have the answer on February the 11th, that is the first Thursday after we returned. Yes honorable Nderitu.

Hon. Peter Mwangi: When you mentioned the necessary I guess to think that it is the Committee of Security and Governance, however I have a feeling that we do not have such a capacity for lack of training and for so long we have thirsted for such a training and we plead with this County Assembly that before giving us this task, facilitate a training for us for the following reasons.

We had a similar task given to us to go to Kiamunyi and investigate an influx of youths into some mosque, but what questions should we ask, what we should interrogate, where do we come in, who should we take to task and even what recommendations we shall make, we seriously need to know our mandate especially on the security issue given that it is not a devolved function.

(Applause)

We have been falling short of knowledge about the governance part of this Committee, and we hear that very soon we shall be brought names for the County Policing Authority to vet them. We ask ourselves questions, what is this County Policing Authority? We need to be taken through by a legal expert to know what it is so that during the vetting we can know the questions to ask and the expected response.

We kindly request the County Assembly Service Board, if possible to facilitate this Committee next week so that we can undertake the issue at hand right now because this is one and we have another in Eburu Mbaruk that we have been afraid to go and tackle for lack of knowledge on where our entry point is.

We also have another issue that is coming up about *Nyumba Kumi*, things are going on at our back yard, we cannot ask questions and we cannot perceive it and we cannot even intervene as a Committee for lack of knowledge on where this County Committee come in, I rest my case hoping and praying that the County Assembly Service Board will do something. We have written a letter on the same and we had a promise from you as the Chair that the Committee on Catering and Security Committee will go for a training and now I think that it is only the Security is remaining given that Catering went last week, thank you.

The Speaker (Hon. Susan Kihika):First I think you are out of order because you must always remember that what you are doing in this House is on *Hansard* and it is public information and **Disclaimer:** *The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.*

when you sit there and display how much you have no capacity it begs the question to what you have been doing the last two years.

When you say you are afraid, when you use the term that you are afraid and yet you are the security committee, it is very concerning

(Applause)

I might be able to pursue it if the House Business Committee or whichever the relevant Committee sees it fit that maybe we should disband this ignorant Committee.

(Applause)

So we shall move on from there, I think also you are putting the cart before the horse, how do you say you have got no capacity when a question is asked and before getting there and sit and try and interrogate, you have also told us you are not devolved so what are you doing? Food for thought and because I believe as an Assembly we have too many Committees maybe this one should be the first to be disbanded.

(Applause)

I think the Board which is the relevant body will take up on what needs to be done.

MOTION

THE HOUSE TO ADJOURN IN LINE WITH THE ASSEMBLY CALENDAR

The Leader of Majority (Hon. George Njenga): That pursuant to Standing orders 30 (1) and 31 (3), this House adjourns from today 3rd December 2015 and resumes on 9th February, 2016 in line with the Assembly calendar.

I beg to move.

Hon. Catherine Waweru: Thank you Madam Speaker I rise to second and support the Motion that we go on recess, we have had a very bumpy year and this is a good time to go and refresh, it is also a good time to go spend time with the electorates for the elected Members and for nominated to get to dig down into the issues affecting our parties.

This recess also comes at a time when we are almost at zero percent of our time. It will be a good time to reflect on whether we really are doing what brought us here and whether we have achieved it.

It will also be a good time to spend with families and when it comes to families I want to say it will be a good time for some of us who will be reaffirming our marriages and stuff like that, so I take this opportunity to invite all Members to join me as I marry my husband of 17 years.

Thank you I support.

(Laughter)

Disclaimer: The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.

The Speaker (Hon. Susan Kihika): Before I let you Leader of Minority speak I am very amused at how far you have come, you were able to weave in your issues, ask for training and invite for weddings. That is a sign of a mature legislator.

Leader of Minority (Hon. Daniel Ambale): Thank you Madam Speaker I also want to support this Motion but with a bit of reservations. Things that we must talk about now that this is our end of year sitting but we will meet but in another different year and session but as we go away we must be prepared not to face the kind of bumpy experience that we have had in this year as my colleague has said.

We have learnt a lot this year, the calendar we make in our Assembly have affected us. My greatest concerns right now is that MCAs have been made the sacrificial lamb countrywide due to the poor economic status in this Country.

We all know that we are the only lot of legislators that does not enjoy the privileges that are enjoyed by others. As we are speaking we have seen the several reports written by the auditor general about the County Government and the expenditure by the MCAs and the County Assemblies.

This financial year the country appropriated Ksh1.7 trillion, only Kshs 290B was set aside for County Government, it leaves us with a lot of questions why the auditor general and every report that comes out is about the Kshs 290B when there is Kshs 1 trillion.

(Applause)

The target on the Kshs 290B is because the MCAs make their earnings from that and every person in this republic knows that MCAs and MPs earn from the sitting allowances and that we earn when we have worked.

The calendar this year have had so many recesses despite that the National Government have decided to give us money in a way that it takes back from us again but even the processes and the procedures put in place for us to make that money that we give back to the Government has been curtailed by the same Government.

As we move away I want to support this Motion and call upon my colleagues that we accept the mistake that we did this year and we look into the next year's calendar in a sober way. As we support this we are left with a burden of loans to pay

(Applause)

We are left with many questions on how to settle the debts that KRA wants us to pay, we never at one point refused to pay KRA taxes but we are surprised that they came to realize at one point that they even needed more money from us that what we have been giving them. I tend to think this is a scheme of the same Government just to come and take away the little they have given us.

We should be careful next time, we should do a domestic calendar that will take into account the interest and good welfare of Members of this Assembly and not the County. As we go out there I

Disclaimer: *The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.*

hope we shall be able to meet and have more forums so that we can be able to compensate for what we are going to lose by the effect of the calendar we passed.

Hon. Joseph Muigai: Thank you Madam Speaker I also want to support this Motion but with reservations just like my colleague. Because we adopted a calendar whose content were not befitting for our stature because when you look at what is ahead because when you look at the final year will have very little time if any to concentrate on issues that brought us in this Assembly.

I would suggest that soonest opportunity will arise to amend our Standing Orders to accord us our domestic calendar so that we fit our needs to this very county that we belong.

If you look at the events that unfolded here we have lost quite sometime over unprecedented issues that arose. The only way to recover is to come up with our new calendar and because we are already within a certain set of calendar, then we abide by it as at now but as soon as we get back we do our own calendar so that we fit our activities within our means.

Most importantly as we look at how we have been paying our loans none of our Members have gone below Kshs 1m in terms of repayment. But the banks have recovered their takes but we still owe the banks a lot of money, but because we have lesser time than the one we have already spent, it unlikely we will meet our obligation in repaying the money we have borrowed in the banks. But that is not the main call of activity because eventually we will have a budget to implement and most likely the final year is when implementation is likely not to happen. We want to recover this time ahead of coming to the final year so at least we will have done over 90 percent of what is expected of us and the only way is to come up with our calendar, so I support that we leave but think of a way of coming up of our own way of doing our things in Nakuru County and of course I look forward to having a more cohesive Assembly.

Thank you I support.

Hon. Stephen Kihara: Thank you Madam Speaker I also want to support this Motion that in the fullness of time we also need to have a break and reevaluate ourselves and ask the hard questions of where we come from, where we are, and where we intend to go?

At the same time I feel disturbed because we are going for this recess at a time when County Governments are grappling with a lot of issues which are tailor made and are done to make sure that the County Governments have been reduced to mere departments.

I find asking myself what is the future of the County Government and Devolution. It is in the public domain that there are a lot of circulars being done towards management of County Governments, a lot of programs and systems have been designed to be implemented in the County Governments and are designed to manage the County Governments from a central position in the National Government and this begs the questions that because we did the Constitution and we overwhelmingly as Kenyans passed it and the gains that were envisaged in this Constitution we seem to be losing them. As Members, as we go on recess we need to reflect on this and engage each other as leaders of this County and the people who elected us in this House.

Disclaimer: *The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.*

We also see that MCAs have been a target by all leaders, we need to come together and look for ways to move forward as a team because these people in the National Government seems not to care about MCAs, we have to do it ourselves.

I am requesting also if we can get a Kamukunji and ventilate on them because at the floor of the House it is not the best place to ventilate so that all Members can have a chance to speak out their minds and come up with a strategy. If it means even amending Standing Orders so be it because no one seems to care about us.

It is all about ourselves. What we are going to do to make sure that we improve our welfare. So I support this Motion so and next time as we do a calendar, let us customize it to fit our needs and our welfare.

The Speaker (Hon Susan Kihika): Thank you; hon Ng’ethe

Hon Stephen Ng’ethe: I do support this Motion. Sometimes I question the rationality or morality of debating a Motion that is abstract in nature. I thought there is much to delve in committee. Suppose we go against, will it hold? Anyway all work without play makes Susan a dull girl.

The Speaker (Hon Susan Kihika): Well Okay; hon Gitau you wanted to make a contribution?

Hon Edward Gitau: Thank you Madam Speaker, I want to echo what hon Ng’ethe has said in this kind of Motion we have no choice. We simply express our rather hollow ideas and disappointments and unfulfilled anxieties. Over the last few quarters of this financial year especially on the onslaught of national assembly and MPs upon the welfare of MCAs, it is obvious that majority of MPs and other people seem to be activating many other state organs to frustrate MCAs. For instance the bursaries and MPs are not comfortable. We are running twelve ministries at Ward level and it is important for MCAs. If we do not stamp our authority in terms of challenging MPs, the second generation coming after 2017 will hold us into account; because they will feel we also neglected our responsibility. I have accepted as just like what Minority Leader said that we go for recess as a happy lot. May be Madam Speaker with all humbleness, if you could have a *Kamukunji* with Majority leader and you, we can discuss these issues after this sitting, so that as we go for the festive season, I am sure there are other issues that we can discuss off *Hansard* records, that can give us hope as we go for the festive season

The Speaker (Hon Susan Kihika): Thank you hon Gitau; hon Moses

Hon Moses Kamau: Thank you Madam Speaker, I stand to support that we go for recess. But Madam Speaker, I have an issue, one, since we promulgated this Constitution, we MCAs and County governments are being demonized by the national government and other quarters that we are corrupt leaders. It was just this week a very learned person in one of the media houses was quoted saying, MCAs are the most corrupt people because of the houses they are building. I was in a vehicle listening to the discussion and during the talk show, callers were contributing to concur with the leader’s position. The biggest problem with us is that in our laws such as the County Government Act allows for civic education. During this long holiday, can we have civic education because *wananchi* do not know the role of MCAs or even the Speaker, we want to enlighten them that we are not corrupt people and they are being misled by those aspiring our

Disclaimer: *The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.*

positions, I suggest we organize civic forums on what we have been doing in the last two and half years.

The Speaker (Hon Susan Kihika): Did you allocate us money as chair of Budget and Appropriation Committee?

Hon Moses Kamau: Madam Speaker, let me reserve my answer to that question

The Speaker (Hon Susan Kihika): When you incite that they go do civic education; I then direct that then you will answer that during *Kamukunji* but kindly do not pass the buck

Hon Florence Njoroge: Nasimamakuungamkonomjadalahuukwakusematwendelikizo, ukweli pia

The Speaker (Hon Susan Kihika) Thank you; Hon Peter

Hon Peter Muchiri: Madam Speaker I rise to support the Motion and at the same time I want to concur with hon Moses about the need to organize for civic education for our electorates. Maybe we did not do budget for that but whenever the executive has an emergency issue they come up with a supplementary budget seeking money from all quarters to ensure all is done to that effect. When hon Moses asks for civic education, it is not only for the interest of MCAs or you Madam Speaker but will be for the wellbeing of the Governor. It is true that electorates do not understand what we are doing. It is like the national assembly did not know that the county government will do but today we are rated far much better than them. It was yesterday that they mentioned we should concentrate transacting business in the House without going out and the following day they were approving a benchmarking trip to China. What special interest do the national

Disclaimer: The electronic version of the Assembly Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor, County Assembly of Nakuru.

assembly has in regard to County Assembly. I beg and request that even if the Assembly did not budget for civic education, let us do everything to avail funds for civic education
